

REMARKS

This is in response to the Office Action of February 6, 2007. With this response, claims 56, 62 and 68 are amended and all pending claims 56-74 are presented for reconsideration and favorable action.

In the Office Action, the Abstract was objected to. With this response, the Abstract is amended and the objection may be withdrawn. Further, the claims were objected to and rejected under 35 U.S.C. § 112. The claims have been amended to address these concerns.

The claims have been amended to overcome the issues above. Further, Applicant notes that the wording, "the earlier received information", "in accordance with a user command" and "the earlier inputted information" are taken into account in the amended claims.

Regarding the wording "disabling" discussed in the Office Action, that language relates to the ability to disable any operations with the electronic document. Similarly, the language relating to "deleting the electronic document" has been amended to and note that the feature is performed "automatically".

In view of the above amendments, it is believed that the present application is condition for allowance. Such action is respectfully requested.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
